Dear Valued Customers,

Our partner Marfret owned vessel M/V DOUCE FRANCE ORTABS1MA is facing operational constraints in Europe due to port congestion. We are pushing maximum operational know-how to face these conditions and are thus forced to cancel St Marteen ANPHI to maintain schedule reliability.

🇺🇸 North Europe exports will be loaded on next NEFGUI vessel M/V CC CAYENNE ORTADS1MA.

We will update you on the situation with more details as soon as possible.

We sincerely apologize for any inconvenience caused and keep our network available for any clarifications you may need.

CMA CGM will continue to improve its coverage and services to serve our valuable customers the best.

Yours faithfully,  
Latin America & Caribbean Lines.
