## CMA CGM Strengths

- Polish main inland hubs connected to Gdansk and Gdynia, to best match our Ocean services to your needs
- Polish ports: always a train connecting a vessel
- Satellite inland terminals connected to our main hubs to be at the closest to your business
- Intermodal offers available on ramp and door basis, to fit each of our customers' transport chain
- Intermodal tariffs always based on one-way, no pick-up neither drop-off applicable in Carrier Haulage
- Complete range of services available at inland hubs: storage, local trucking, EDI, M&R at some locations
