Inspection Rules – Verification of Conformity PVoC

The Program

SGS and Bureau Veritas/BIVAC was appointed by the Zambia Bureau of Standards (ZABS) for the pre-export Verification of Conformity (PVoC) of products before shipment and according to 3 Routes of Verification:

- Route A - applicable to any good and any trader
- Route B - for frequent traders of homogeneous goods that have been registered by Bureau Veritas
- Route C - for manufacturers who had their goods licensed for Zambia

The aim of the program is to establish a quality import inspection regime that is in harmony with member states of the East African Community [EAC].

REPUBLIC OF ZAMBIA

Verification of Conformity Programme

NEW REGULATIONS

Bureau Veritas has been appointed by the Zambia Bureau of Standards (ZABS) to implement the pre-export Verification of Conformity Programme.

OBJECTIVES

- Consumer and environment Protection
- Conformity assurance
- Faster goods release at Zambian Customs office with the appropriate Certificate of Conformity (COC)

PROCESS

Request for verification

The Importer/Exporter lodges a request for verification with Bureau Veritas (see contacts overleaf). This request should include:

- The list and designation of goods intended to be exported, name and address of the importer and exporter (invoice,...)
- Conformity documents (usually provided by the exporter) that may be available for the goods intended to be exported, such as: Third party certificate / Test reports / Reports of analysis according to safety/hygiene standards
- Information related to the location and provisional date of availability of goods to carry out the physical inspection of goods before shipment. (Filling up of the Request for verification (RFV) Form).

Routes to compliance

To facilitate trade and to adjust intervention according to the risk, the PVoC programme offers 3 different routes to demonstrate compliance (see the process overleaf):

- Route A: Applicable to any good and any trader
- Route B: Option for frequent traders of goods that have been registered by Bureau Veritas
- Route C: Option for frequent traders of goods that have been licensed by Bureau Veritas

Documentary review / Testing

Bureau Veritas reviews the information provided by the exporter and checks the adequacy against the Zambian standards. If necessary, samples are taken and laboratory testing/analysis is carried out.

Inspection

The objective of the inspection is to check that:

- Goods presented for inspection are those identified during the documentary review
- Products comply with applicable standard
- Goods match the description in the import documents

In case of doubt, Bureau Veritas inspector may take samples for additional assessment.

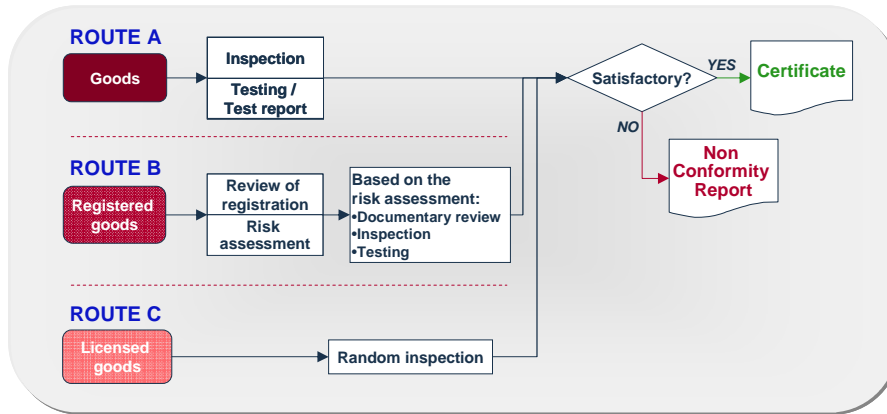

PVoC certificate

Bureau Veritas verifies the inspection report against the provided documents. Upon satisfactory result, the secured Certificate of Conformity is issued. This certificate shall be used for the clearance of the goods. When non conformities are detected, a Non Conformity Report is issued..
