"My Shipment Dashboard" allows you to get a **centralized view of your shipments**. You will benefit from the detailed shipment or container views, giving you direct access to all relevant information (including all your documents are available online), and allowing to take relevant actions based on your shipment lifecycle.

Thanks to the global search bar, you will be **able to easily find your shipments based on any information**: POL, POD, container, shipment reference, ...

Additionally, Shipment Dashboard **allows you to upload any kind of document**, or electronically signed Letter of Instructions, with instant transfer of your CMA CGM Group agents.

Shipment dashboard offers you the **possibility to customize, extract and schedule your reports**, at the frequency and to the emails of your choice.
