The CMA CGM Group, led by Rodolphe Saadé, is a world leader of maritime transport. Its 509 ships serve more than 420 ports worldwide on the 5 continents. In 2018, they transported nearly 21 million of TEU (Twenty-feet Equivalent Units). CMA CGM experiences a continuous growth and never stops innovating to propose new maritime, logistical and inland solutions to its clients. The Group employs 37,000 collaborators in the world and 2,400 in Marseilles where is located its headquarters, and is present in 160 countries via its network of 755 agencies.

CMA CGM (Deutschland) GmbH is part of the worldwide agencies network and offers its clients modern services, efficiency and long-standing shipping expertise. Our agency provides customers with individual multimodal solutions and reliable door-to-door services. CMA CGM (Deutschland) GmbH consists of six agencies in the cities of Bremen, Düsseldorf, Frankfurt, Hamburg, Munich and Stuttgart and is further responsible for agencies in Basel, Bratislava, Prague and Vienna. CMA CGM (Deutschland) GmbH is registered in Bremen. However, most departments are centralised in our largest office: in Hamburg – home of Germany’s biggest port and Northern Europe’s “gateway to the world”.

Working as ILS Senior Manager means that you are responsible for managing the departments Equipment, M&R and Intermodal. You will be a key contributor to the organisation’s overall Logistic and Intermodal Strategy.

**Your responsibilities:**

- Responsible for the company’s Logistic and Intermodal strategy in line with the company’s aims and ambitions.
- Lead, guide and develop Equipment-, M&R- and Transport Management Team.
- Manage overall logistic and intermodal budgets, expenses, costs and profitability for Germany & Central Europe Cluster.
- Coordinate with internal and external customers to minimize delays in the supply chain and increase communication.
- Responsible in case of emergency situations: Identification of potential and existing problems within the supply chain process as well as solution management.
- Maintain excellent client relationships.
- Implement, develop and manage quality control.
• Responsible for building processes, systems and mechanisms as well as driving process execution and efficiency through data-driven decisions and analytical problem-solving.
• Ensure best strategic supplier relationship management, performance evaluation and renegotiation
• In close collaboration with the Commercial Team leverage intermodal freight and logistics transport spend across logistic operations to drive significant, sustainable improvements in cost, quality and service.
• Ensure strong and stabil productivity through category expertise development and market insight.
• Identify and analyze business demand and provide business expertise for system developments.

You bring aboard:

• Educated to degree level in Logistics or Shipping, preferably master in economics
• Profound experience in the area of Vendor Management, Contract Management and Procurement
• Profound Management experience in the field of Logistics and Shipping
• Very good presentation and communication skills in German and English
• Deep knowledge in project management and change management
• Very good management skills and hands on mentality
• Strong interpersonal skills
• Assertiveness
• Proactivity and high level of involvement and commitment
• Strong analytical skills and conceptional thinking
• Must have profound knowledge on Microsoft Office products (preferably knowledge of Microsoft Office 365)
• Willingness to travel

You can expect:

• Unlimited working contract with a long-term perspective
• International working environment
• Company-paid additional health care as well as a company pension scheme
• Allowance for meals in form of Sodexo restaurant passes
