

ACT WITH **CMA CGM** 

POSITIVE OFFSET

REGULATE YOUR ENVIRONMENTAL FOOTPRINT

Choose POSITIVE OFFSET to compensate your outstanding CO2 emissions through socio-environmental projects all around the world and receive Gold Standard carbon credits.

YOUR BENEFITS

OFFSET YOUR EMISSIONS THROUGH SUSTAINABLE PROJECTS

In partnership with PUR Projet, a recognized actor promoting sustainable agricultural practices, compensate your remaining emissions through long term projects such as reforestation and social projects. They are all certified with the highest standards.

RECEIVE OFFICIAL CERTIFICATES

Receive a Carbon Credit Certificate for the CO2 amount compensated. You will also receive a Contribution Certificate detailing the positive impact of your contribution on local communities.

HAVE A POSITIVE IMPACT ON LOCAL COMMUNITIES

Contribute to forestry projects supported by NGOs and local associations aiming at having a positive impact on the life of local populations.

GET STARTED

ASK FOR POSITIVE OFFSET

During your online booking process select POSITIVE OFFSET, contact your sales representative to start now or ho.actservices@cma-cgm.com to get more information.

HOW DOES IT WORK?

When choosing POSITIVE OFFSET, you will receive Gold Standard carbon credits (Verified Carbon Unit Removal Certificate), issued by our partner PUR Projet.

It certifies that the VERUs (Voluntary Emission Reduction Unit) have been cancelled on the Official Registries.

You will also receive a Contribution Certificate.

They will both be delivered at the end of each quarter, for all CO2 offset during the concerned quarter.

POSITIVE OFFSET can cover both for the shipping and inland GHG emissions.
