Get the best from Online BL draft review

Dear valued customer,

We are pleased to announce you that as from 30/05/2018, all your **BL drafts will be available online** only. No more e-mail with your draft attached will be sent to you requiring BL draft approval. But you will be notified as soon as your BL drafts are available online. You will simply have to click on the link to access your draft.

In addition **BL draft amendment can be done online directly**. No more print nor hand writing : the text modifications can be keyed-in directly on the eBusiness platform : a modern, smart, simple and fast process.

What benefits are you going to get from the online BL draft review ?

- **Less e-mails** : stop being overwhelmed by piles of e-mails
- **WYSIWYG – what you see is what you get** : this takes you away from uncertain interpretation of your modification requests and guarantees you that the bill of lading will be drawn up exactly the way you want it
- **Quick and easy** : this easy process avoids endless e-mails between you and our agency. Mass approval option available
- **Anytime, anywhere** : the eBusiness platform is available 24/7
- **The right contact** : your modification requests are automatically routed to the right person
- **Traceability** : the complete live of your draft is traceable on the availability timeline : status evolution, date and time, reviewer. Your BL archives remain online 3 months after container delivery to consignee.

How to configure notifications for an optimal eBusiness experience ?

- **Personal and customized notifications** : configure your eBusiness account to follow your shipments
- **Notifications setup** : the attached How to Guide brings you the help you may need

Need help ?

- **How to Guide** : attached are 2 guides to help you
